

## Second Presbyterian Church

- Located in Indianapolis, IN
- Owner: Second Presbyterian Church
- Project Description: This gothic designed Church, patterned after Saint Chappelle, a French church, seats 800 people with an additional 200 in the balcony. The roof structure is supported on stone columns and arches from which rise the rich wooden trusses to a height of 65 feet. The beautiful ascension windows were created by Tiffany in 1902 and moved from the back of the previous sanctuary to the front of the church. The addition of 36,000 s.f. of educational, administrative and meeting spaces blended the new gothic construction with the existing Gothic style structure. Also included were specialty areas for family counseling and youth gathering.

*Gothic Style Church Constructed in 1959*

*Original Tiffany Stained Glass and Pipe Organ*

*Multi-use and Administration Wing Expansion*
