

Pan Am Plaza Lobby Renovation

- Located in Indianapolis, IN
- Owner: Coastal Partners
- Renovation: Entire First Floor Public Area
- Project Description: The Pan Am building located in the heart of downtown Indianapolis was faced with an issue after being purchased by Coastal Partners, LLC. They felt the lobby was dated and had become a thoroughfare for visitors to the Colts games and Convention center, and because of that had been continually bombarded by damage from the extraneous weekend usage. The design team was challenged to create a design that brought the lobby up to a new level of design and feel for the current tenants, as well as future tenants that Coastal was desiring to cater towards.
