ARCHITECTURE INTERIOR DESIGN
LANDSCAPE ARCHITECTURE ENGINEERING

OMS completed a limited renovation/addition to the existing junior/senior high and elementary school building. The renovation consisted primarily of a new HVAC system, 8,700 s.f. renovation of science labs (biology, chemistry and general science), study hall, and a renovation of the former wrestling room into a new locker room. New construction included a 20,535 s.f. fieldhouse with two basketball courts, three lane running track and bleacher seating for 800. Other additions included a commons, concession, cafeteria expansion, public toilets, weight room, two locker rooms, boiler room, maintenance office, building storage and a second floor wrestling room.

New Construction

56,890 sqft

177,023 sqft Renovation
